FALSE CLAIM BY FOREIGN REMOTE GAMING COMPANY

The Lotteries and Gaming Authority would like to bring to your attention that a foreign remote gaming company by the name of **Pokerzade.com** is claiming that it is being regulated by '*Malta Gaming Commission Ltd.*'

The Lotteries and Gaming Authority which is the only body that regulates lotteries and gaming in Malta would like to inform the public at large that the above statement is not true. **Pokerzade.com** has no connection whatsoever with the Maltese jurisdiction.

The LGA strictly advises the public to play responsibly with companies licensed with reputable jurisdictions who have sound remote gaming regulations.
